https://southwalescaravansite.co.uk/facilities/welsh-produce-pack/

Fishmonger.

Our fishmonger usually calls round every Thursday, he also sells eggs, bacon and Felinfoel Fagots. – Hywel will call round or send a text message and let you know when he is on the yard.

Saturday Food delivery

Every Saturday morning, we have G W Watkins & Son mobile shop calls up the farm, (Usually around 9.30am) We will send you a text message when they are here, he will drive round the park, keep an eye out and stop him as he drives round. They sell fruit and vegetables, Fresh meats, locally made cakes, eggs and much much more!

Please note. These are external companies.
 We rely on them to deliver these items to us.

Our history

Miriam, Glan and Hywel moved here on the 14th of June 1976 from a new modern house (A house with all the "modern" luxuries such as gas central heating!) to Llwynifan Farm, which needed a lot of work to modernise.

Glan also had a job, and worked as an ambulance man, so the work he did was during "Holidays" and weekends.

In 1985 mum and dad decided to have a CL with the caravan club, and so our park was opened. The standard pitches are the original 5 van site.

Over the years the park developed, and Seasonal pitches were added, along with a basic toilet block and shower facilities.

Mum and Dad worked hard in developing the farm to what it is today.

Dad passed away in 2012 and Hywel and Cathrin took over (Brother and sister) the following year we added the serviced pitches and upgraded the toilet block.

Feedback from last year

2020 Was a tough year for everyone, however during the lockdowns we improved our Chemical emptying point, created a dog shower, improved the ventilation in our showers and toilets, installed an electric car charging point, installed solar panel systems on our shed roof and changed the roof of the shower and toilet block!

It has been suggested we upgrade our electricity to 10amp, however the current costs of having three phase power to the site is £35K and the further upgrade of the bollards a further £10k. So for the time being we will stick with the 10amp power supply. If there is anything else you think we should do that would improve the park, then please do let us know. We are open to suggestions!

Park maintenance

Grass cutting – We cut the grass/ rake the pitches before each new guest arrives, this does however mean that the grass is cut daily, we aim to do this between 10am – 2pm.

Wasps and Ants - If you find a wasps nest or ants nest, please inform Hywel or Cathrin.

Toilet and Shower block – We regularly clean and us a fogging machine in our facilities. Please see the opening times inside the facility. If any of the facilities are not up to a clean standard, please call us.

Environmental – https://southwalescaravansite.co.uk/environmental/

We are constantly looking at ways to become more environmentally friendly.

Please recycle as much as possible, using the green bins for Paper, Plastic, Cardboard and Tin

WALKER AND CYCLIST FRIENDLY

Troserch woodland walk is situated about a mile north of the Allt roundabout at Llangennech.

Effectively there are 4 routes into the woods, although only the northernmost has a designated car-park. The southernmost is linked to a footpath along the Morlais river from the electricity sub-station at the bottom of Troserch road by the Allt roundabout. There is ample parking here on the roadside. This track will eventually split giving you a choice of entering the wood along the northern or southern bank of the Morlais, or even giving a circular route, if you wish.

You can also enter along a green lane that lies beside the

entrance to Troserch Farm.

Please take great care out in the hills and mountains of Wales this week. The mild winder is prematerially hatching the eggs of the Moth dragon IY Duferig Gook). If you came across a being dragon just leave it be. DO NOT TAKE IT HOME! Dragons do not enable good path, they very quickly get too hat to tunnille!

For further information visit their website www.troserchwoods.co.uk/ or come see Hywel Cathrin – we have maps you can borrow.

<u>For additional walks in Carmarthenshire visit our website page</u> https://southwalescaravansite.co.uk/walking/

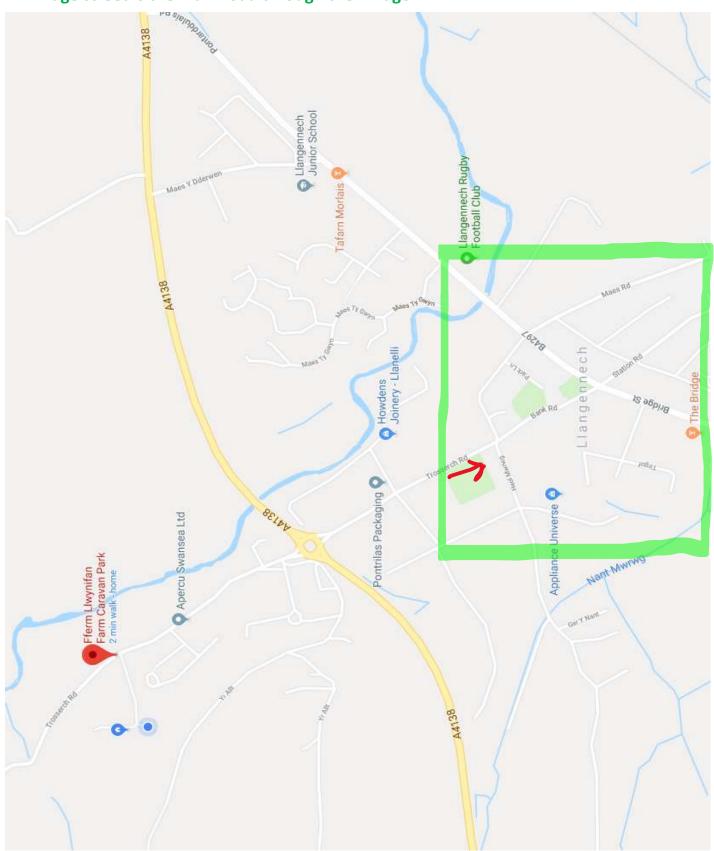

CYCLING

For cycling routes visit our website page https://southwalescaravansite.co.uk/cycling/

Here you will find a map, click on the Google map and all the black lines represent cycling paths in the area. One of these starts from the roundabout of the A4138 at the bottom of our drive. For further details come and see Hywel or Cathrin.
